On Wednesday night, when the true result of the election was ascertained, we had a big ratification in Hillsboro. Men and boys from every nook and corner of the Levels assembled, and, for enthusiasm, surpassed anything of the kind we have ever seen here. On a knoll in the suburbs south of town old barrels and boxes were piled up and a great bon fire lighted, which could be seen for miles around. In addition to this the crowd fired sky rockets, roman candles and sundry other fire works in profusion. After the fire works demonstration, which was exceedingly grand, the assembly, headed by the Hillsboro

Christian principals ignored by Obama

Is he or is he not? That is the question.

Obama says he is a Christian, but where is the fruit to indicate he is what he claims to be? The Bible states, "By their fruit you will know them."

For instance, apples and pears don't grow on the same tree. Obama's words just don't "give" with his actions.

It's like two or more kinds of fruit coming from the same tree.

In his book, *Audacity of Hope*, he states, "I will stand with the Muslims should the political winds shift in an ugly direction."

Does that sound like a Christian American President? This attitude is evidenced by the favoritism shown where Muslims are involved.

He declared that this is not a Christian nation, but this country is also for Muslims, Jews and Buddhists.

This country welcomes all peaceful religions, but it does not welcome the radicals who want to change our laws and take over the country, as many Muslims have

He uses the constitution to defend Muslims but disregards it where Christians are involved. He said the constitution is outdated and needs to be changed to modern thinking.

I agree that it needs to be changed, especially, where anyone can plead discrimination except Christians.

Our freedoms are being used against us, while we are denied many of the same freedoms.

Obama recently quoted part of the constitution, in two different speeches, but omitted "endowed by our Creator", saying it was an oversight. He claims to be a student of the constitution, and he forgets a simple phrase about his Creator, twice in one week? We aren't stupid enough to believe that excuse — are we?

Is he a Christian?

Not according to his fruit, but he has learned that it is in his best interest to say things which make him sound like a Christian.

He has even learned to say, "God Bless America," and other appropriate phrases. Let's learn to be a fruit inspector so we can vote for the good of our country.

THE Democratic primary election
in New Orleans last Wednesday to
elect delegates to the Louisiana State
Convention resulted in a sweeping
victory for the friends of the lottery.
The total vote was 26,785, and the
lottery men won by 11,147 majority,
carrying every ward. The indica-

Capt. D. A. Saffer, of Husterville, was found dead in his room at Mr. J. C. Louny's hotel last Friday morning, about 8 o'clock. On Thursday night before the time for going to bed he was engaged in pleasant conversation with some of the guests of the house, and did not complain of feeling unwell.— He bade all with whom he had been conversing good night and went to his room to retire as usual. Not appearing in the morning at breakfast time Mr. Louny went to his room to call him to breakfast, and found him lying still and motionless on the floor beside his bed. Suspecting that something was wrong, Mr. Louny hurried from the room and called in Dr. Patterson and others.— After an examination he was pronounced dead. An inquest was held and a verdict given that pleurisy was in all probability the cause of his death.— The covers of his bed were turned down but he hadn't been in it. He hadn't taken

The half hour with the little folks was indeed enjoyable, and perhaps the most humorous of the entire exercises. They did nobly and won unbounded applause from the audience.

The contest by the Ciceronean Literary Society elicited as much interest as any feature of the programme. The question was one that requires a great deal of thought to be discussed intelligently, and the audience was anxious to know how the young Ciceros would acquit themselves. It was handled in a way that must have gladdened the hearts of the parents of the youthful debaters, and which would have done credit to older and more experienced minds. For an hour and a half they vied with each other for supremacy, and it seemed that both sides must win, but again was the affirmative successful, and the medal was awarded Mr. E. C. Eagle.

After this debate came the awarding of medals, which except the

We wish to say, in conclusion, that the Hillsboro Male and Female Academy has been quite a success, steadily growing in favor since its first session. It is still under the management of Prof. C. A. Brown, B. A., of Emory and Henry College, assisted by Miss Grace Clark, a graduate of Lewisburg Female Institute. Miss Clark has charge of the Music Department, and is unquestionably one of the best music teachers in this section of the State. Parents cannot do better than to patronize this school, and we trust its future will be one of great prosperity.

One prospect for a railroad in the near future are still good, and we hail it with delight, notwithstanding the fact a few frown upon it. The question has already been asked, "Will a railroad better our condition?" We answer, "Yes," and ask if it will place us in a worse predicament than we are in now. We are for railroads here, fast and all the time.

Of the early settlers of Hillsboro there are but 2 living. Dr. Marshall Peyall and Mrs. A. B. Clark. And three-fourths of the residents of the town, who are heads of families, were not born in this county.

Mr. R. D. Cardwell, who married Mrs. Cynthia McNeill of this place, is lying very ill at his home in Roanoke, Va. Mr. R. W. Hill, of this place, is also suffering from a severe attack of gripe.

Dr. Matthew Wallace, of Mill Point, we are glad to learn is in a fair way to recover his health. He has been in a precarious condition for a long while.

He was married in the year 1844, and
he and his wife, a most estimable lady,
came to this county in the year 1845.
For 11 years he taught school here, dur-
ing which time he also attended to his
duties as pastor of the Oak Grove Pres-
byterian Church. As a teacher he
gained great distinction and was the
founder of the old Academy, one of the
finest institutions of learning near here
in that day, and from which the post-
office at this place derives its name.

During his ministry, which covered a
period of 40 years, he espoused the
cause of his Master faithfully and zeal-
ously, and the Church prospered in his
hands. How many of us remember the
old brick Church that stood a mile south
of here, and the able and stirring ser-
mons that fell from the lips of Mr.
Dunlap. He was one of the most ex-
emplary christians we ever knew. If
there ever lived a man that showed by
his daily walk and conversation that he
was trying to lead a true christian life
that man was Mr. Dunlap. His life
was made up of good deeds and his no-

It is with a sad heart that we announce the death of Rev. M. D. Dunlap, which occurred at his residence near here on last Tuesday morning, the 24th ult., in the 83rd year of his age. He passed peacefully away, his last hours being attended with but little suffering.— Death resulted from kidney trouble and general debility, occasioned by old age. He leaves no family, his beloved wife and two children having gone on before. He leaves, however, a large circle of sorrowing friends and relatives here and in Monroe county.

Mr. Dunlap was born in Augusta county, Va., in the year 1809. At the age of 25 he graduated at Washington College with high honors, and was shortly afterward ordained as a minister of the Southern Presbyterian Church.

but once or twice more, as he will be assigned to a new field of labor. During the four years that he has been with us he labored faithfully for the Master's cause, and was instrumental in accomplishing much good. But a short time ago he conducted two of the greatest revivals of religion we have had in many years. He has won his way to the hearts of the people and made many warm friends who are loth to part with him. The best wishes of the whole people will go with him to his new home.

Hillsboro is begining to look up a little. We have learned that Mr. W. H. Overholt contemplates building three new cottages on Main street for rent.—An addition will also be made soon to the American House. As soon as the weather will permit our "city dads" will have a new plank walk made from the corner of Nicholas street to the Postoffice, and a calaboose is talked of near Mr. A. R. Smith's. The walk we need badly, but we cannot quite see the point in putting up a calaboose. We

It is with pain that we announce the death of Mr. Jacob McCarty, which occurred at his home near here on the 8th inst. He died of pneumonia, and was about 70 years of age. He was an honest upright man, and leaves many friends to mourn his loss. The bereaved members of the family have the sympathy of the entire community.

filled with gloomy forebodings.

On last Wednesday your correspondent with many others witnessed the interesting spectacle of three large rafts of ash and cherry lumber floating down Greenbrier river. It was a sight worth looking at, and as one gazed at the huge fleets rising and falling on the wild waves, the power of water and the labor and ingenuity of man were forcibly brought to mind. The rafts belonged to Messrs. W. H. Overholt and C. W. Callison, and were safely piloted and landed in Ronceverte by Messrs. C. W. Callison, John Callison and Wm. Gum. The one manned by Mr. C. W. Callison contained 35,000 feet, the largest raft that has ever gone down the Greenbrier. Your correspondent had the pleasure of making the trip with Mr. Gum, and found him a very efficient pilot. There is considerable labor and danger involved in running a raft, but notwithstanding that a bad mishap hardly ever occurs. Going down we were struck with the beautiful scenery along the river. Every little while one meets with something to arrest attention and inspire delight.

Hillsboro. Pocahontas. Items.

The thermometer registered 6° below zero last Thursday morning—the coldest weather we have had. Ice was formed sufficiently thick for storing away, and those who have ice-houses filled them up.

Messrs. Whiting & Denning's log slides worked nicely during the freezing weather, and they succeeded in getting all their logs to their landing on the Greenbrier river. They are now ready for the "drive" as soon as there is water enough.

There is a great deal of sickness here, and some have been called to cross the dark river of death. Mrs. Mary Overholt, mother of our esteemed townsman, Mr. W. H. Overholt, died on the 6th inst., of pneumonia, in the 90th year of her age. Her remains were interred at Buckeye, beside those of her husband. Her husband served in the war of 1812. Mrs. Overholt was a noble woman, and her memory will linger long in the minds of those who knew her. For

Some of our people are very much alarmed over a report one of our citizens brought in from the rural districts recently. He claims that while out hunting on the 2nd inst., he bagged a ground-hog in the full glare of the noon-day sun. We think the carcass might have been brought in and put on exhibition, but as there is considerable snow on the ground now and the mercury nearly down to zero, we take it for granted that the little weather prophet was out, saw his shadow and received a death wound from the hands of the huntsman. We are sorry it ever entered the mind of our neighbor to engage in hunting on the 2nd day of February, as we consider the killing of a ground-hog on that day, (in bright sunshine,) the forerunner of dreadful storms and bad luck generally. Whereas we were cheerful and happy, we are now

Last Saturday afternoon, the 17th inst., Mr. Wallace Moore, book-keeper for Col. Driscoll, at Ronceverte, went bathing with a number of friends in Greenbrier river. After swimming about for awhile, he suddenly sank and did not rise. His friends succeeded in getting him out in a few minutes, and every effort was made to bring him back to life, but without success. The doctor could discover little or no water in his lungs, and came to the conclusion that he died of heart failure. He was from Pocahontas county, and a son of the late Rev. James E. Moore. His body was taken to his home in that county last Monday, by Mr. Geo. Law, accompanied by Rev. W. H. Ballengee and wife, of Ronceverte, for burial.— Mrs. Ballengee is a sister of the deceased.

Hoping to escape, Sharp ran into the Judge's private room, Kelly still after him with the whip. Unable to escape he ran out again into the main court room and there Deputy Sheriff, Forest Hill, and several others seized hold of Kelly, threw him to the floor and after a severe struggle, got the whip from him by breaking it to pieces. He was taken to jail and the next day the judge sentenced him to 30 days confinement in jail for contempt of court. Jack Hook, who seemed to be backing Kelly in the assault upon Sharp, was on the latter's motion bound in the penalty of \$500, to keep the peace, Sharp swearing that he feared Hook intended to do him bodily harm.

AT Marlinton, on the 4th, an exciting episode occurred in the court room which for a time interfered with the administration of the public business. It appears that Enos Sharp, a disputable fellow, who had served a term in the pen, had threatened to give away the secrets of a gang of thieves operating on upper Knapp's creek and suspected of stealing and driving off sheep, cattle and other stock from the county. It was also said that Sharp would give evidence tending to show that this gang, or some of them, was guilty of a murder that had occurred in the county some years ago. Seeing Sharp standing at the door of the grand jury room waiting to be called. Scott Keeley, supposed to be one of the gang, lit into him with a buggy whip frailing him most unmercifully over the head. Sharp, frightened out of his wits, took refuge in the main court room, where a trial

Hillsboro, Pocahontas County, Items.

It becomes our painful duty to chronicle the death of Miss Mollie Kinnison, which occurred at her home near here on the 29th of last month in the 20th year of her age. She had been in feeble health for a year or more, but notwithstanding that fact her death came suddenly and unexpectedly to her parents, they never thinking that death was so near, although having been previously warned of the seriousness of her condition by the family physician, Dr. F. T. McClintic. She was the second daughter of Allen R. Kinnison and a most estimable young lady. Her spotless character, admirable disposition and unceasing devotion to life's noblest duties won for her the love and esteem of all who knew her. Her remains were interred in the Oak Grove cemetery in the presence of a large number of sorrowing relatives and friends.

of 112 pounds, and three others about
\$4 pounds each. James Gibson, on Elk,
secured 1,200 pounds. Those who have
a sufficient number of colonies consider
it a fortunate circumstance when bees
show no disposition to throw off swarms
and thus devote their full strength to
the storage of honey in the parent hive.

Allen R. Kinnison closed with the
railroad company for the right of way
at \$2,040; the company is to build him
a road out, and he is to release his right
to fences. He owns a long, narrow
farm on the banks of the river, the bot-
toms being something like three to five
hundred feet in width and over a mile
long. He is a good farmer and has his
place in a good state of cultivation.—
The center of the line runs through his
house, which is a comfortable residence
of a story and a half, and over which he
he has trained the finest grapevine in
the country. The line also takes about
half a mile of his private road. He will
build a road up the mountain and out
through Alvin Clark's place. The right
to fences, which he released to the rail-
road, is estimated to be equivalent to
\$1,700.

We had a refreshing rain here on last Monday, but not enough to resuscitate the parched fields and wilted corn. Water is getting very low in many places.

This community was greatly shocked on last Sunday morning upon hearing that John W. Burgess, who lived a short distance from Mill Point, had dropped dead in the road near his residence.— He complained of feeling unwell, and told his wife he would walk about some and maybe he would feel better. He started down the road toward Mill Point, and had gone but a short distance when he sank down and expired without a struggle. His death was caused by heart failure. He had been suffering from heart disease for quite a while. He was about 35 years of age, and stood high in the estimation of all who knew him. He operated Isaac Mc-Noil's steam flouring mill at Mill Point for a number of years, and was an expert at running and keeping in order all kinds of machinery. A wife and two children survive him.

The laying of the corner stone of the new M. E. Church, South, here will take place on the 26th of this month. A large crowd of people is expected.

The railroad at this point is progressing slowly. Nearly all of the hands have thrown down their picks and shovels and gone away. The Italian contractor has met with hard luck at every turn, consequently has not done much.

Dr. F. T. McClintle is laying a nice brick walk from his door to the street, and the town will soon commence putting down a flagstone walk on Nicholas street.

Camping Parties.

Two camping parties left Greenbrier this week for Pocahontas county. The first consisting of Prof. Howard Arbuckle and wife, Sandy Arbuckle, Miss Mary Caldwell, Misses Julia and Emily Arbuckle, Annie and Lula McLaughlin and some others, whose names we did not get left Tuesday morning for A. M. McLaughlin's place on Elk, and will be gone some days. The second party left Lewisburg yesterday morning for Marlinton and will camp ten days or more on Knapp's creek, in the vicinity of the county-seat. This party is made up as follows: Misses Mary E. Mathews, Mary M. McClung, Katie Venable, Mattie Porterfield, Nina Holt, Janie Price, Emma Brown, Nellie Alderson, Emma Beard, Dottie Mathews, Daisy Feamster, Berdie McLynn, Mamie McChesney, Lillian Moffett, Carrie Stratton, and chaperones—Mrs. W. D. Slaven and Miss Nannie McVeigh—and Messrs. W. D. Slaven, Mason Bell, Kent Snyder, Arthur Melyville, John McClung, H. L. Van Sickler, Fred Wallace, Wythe Kinsolving, John Dice, Chas. S. Dice. Those joining the party in Pocahontas will be Miss Anna Wallace, Dr. Winters McNeel, Dr. Harry Beard, Frank and Forest Hill, Jake Beard, Frank R. Hunter and others. Mrs. Rosa Mathews and her sister, Mrs. Keene, accompanied the party to Marlinton, but will return to-day.

A large number of our people will attend the dedication of the new M. E. Church, at White Oak Grove, near Falling Spring, next Sunday. Rev. J. S. Wickline will preach the dedicatory sermon.

Perhaps the oldest house in this section of the country is the one in which Wesley Kinnison lives. It was built 95 years ago.

A hemlock tree on James White's place on Laurel creek measures 18 feet in circumference.

Lacy Stuart, colored, living on Cranberry, caught a very large bear in a trap last week.

Joseph Knapp, of Greenbrier county, who has the contract for building the new M. E. Church, South, is here hiring hands and getting ready to go to work.

LOCAL MATTERS.

FORTY-ONE applicants—27 men and 14 women—attended the Teachers' Examination at Marlinton, Pocahontas county, last week.

MRS. ELIZABETH FRANCIS died at the home of J. W. Francis, at Lowell, Summers county, on the 30th ult., aged 57 years, 9 months and 27 days.

WORK is now being vigorous on the Greenbrier River Railroad, a number of points along the route between Whitcomb and Marlinton. The prosecution of this work will open a new market for breadstuffs, products of which will much assist along the way.

THE Circuit Court commenced its special session yesterday, for the first of the session. In the nation cases, which were tried, had all been adjourned. So the jury was discharged, and the usual order of business entered.

Members of the M. E. Church, South, are also getting ready to put up a large church. These buildings will greatly improve our town.

E. I. Holt has opened a hotel here, which is receiving a large patronage from the public.

Rev. C. D. Rowley delivered a very interesting lecture in the Methodist church on last Sunday from Matt. iv, 19.—“Follow me and I will make you fishers of men.”

The Teschers' Institute convened at Marlinton on last Monday. A large number of teachers are in attendance, perhaps more than will get schools in this county.

Our people now feel assured that the Greenbrier River Railroad will be built, and are looking forward to it with bright anticipations.

Rice Clark and wife, of New York, are here visiting relatives and friends. Mr. Clark is a son of Henry N. Clark, who lives a short distance from here.

E. H. Moore, traveling salesman for Armstrong, Cator & Co., of Baltimore, spent a few days with his family last week.

Wm. O. McCoy died very suddenly at
his home on Droop Mountain, last week,
of paralysis, aged 65 years. He was a
good citizen and highly respected by all
who knew him. His remains were in-

his head against some boards, which
rendered him unconscious for quite a
while. He has not yet fully recovered
from the effects of the fall, and the
bruises about his head show he had a
narrow escape from death.

S. J. Payne is making preparations to
build a fine brick house, and the mem-
bers of the M. E. Church, South, are
also getting ready to put up a large
church. These buildings will greatly
improve our town.

Several land sales have taken place near here on the Greenbrier river recently, which strengthens the belief of many persons that the railroad is coming.

Our Circuit Court is now in session. Quite a number of persons have been summoned before the grand jury. We have been informed that there will be no case against the three young men who were indicted by the grand jury last spring for disturbing public worship here. The parties indicting them have asked for a withdrawal of the charges, which they cannot sustain.

Considerable ploughing has been done and a large acreage of corn and oats will be planted.

We have several cases of mumps here and a great deal of sickness in other forms. W. W. Beard who has been quite ill is still unable to leave his room. J. W. Beard who was quite ill with pneumonia is now convalescent.

emies. His death has cast a gloom over the entire community. The bereaved family and the large circle of sorrowing friends have the deep sympathy of every one. His remains were interred in the McNeil cemetery on Wednesday, the 5th. May he rest in peace.

Mason Williams, who lives near Locust, has by persevering effort opened up a coal mine on his place which promises to yield fine coal. Several loads of it have been distributed in our town, and the parties using it say it burns well. Persons who have been hauling their coal from the "Knobs," a distance of 12 miles, can now get it seven miles nearer home.

It is with pain that we announce the death of Henry W. McNeil, youngest son of Capt. W. L. McNeil, which occurred at his home here last Monday morning. He had contracted a cold which terminated in a bad case of pneumonia which resisted every effort of his physicians to alleviate. Mr. McNeil was in the 28th year of his age, and a young man of many excellent traits of character. He was a successful farmer and financier, and his life was ever characterized by deeds of kindness and generosity. No one ever asked Henry McNeil for a favor that he did not grant, were it possible. Everybody liked him; he had no enemies. His death has cast a gloom over the entire community. The bereaved family and the large circle of sorrowing friends have the deep sympathy of every one. W. J. Killingsworth, of Marlinton, was at the Big Dam last week. W. W. Mays is hauling lumber for it, and Harvey Snyder is rafting the lumber down the river. A road has been cut out from Grays camp to the dam under the directions of J. W. Bonner who is the General Manager of the Gauley Co. Quite a number of Contractors are expected this week. We have been informed that a move is now on foot to stack forty million feet of lumber on the streams of Sugar creek, Kerr's creek and other tributaries of Williams river. Operations will begin at once. Supplies will, in all probability, be brought from Hot Springs, Va., a distance of fifty miles. It has been reported that Samuel Gay has secured the contract for the hauling, and that James Sheets will furnish feed for the camps. John R. Butler has contracted for the building of roads, which will cost about \$5,000. H. Nathan has been engaged to repair the big dam on the river, which has not been operated for twelve months. When he gets through repairing the dam, he will go to Chicago to purchase stock for W. G. Gray, foreman for the Gauley Co. It will require 50 teams and 300 men to complete the work for next spring's drive. The contract for the year's furnishings will amount to about two hundred thousand dollars. After payment of

The Pulp Mills.

Benjamin A. Richmond, chief attorney for the West Virginia Pulp and Paper Company, has put a quietus on the many rumors concerning the intentions of the company by stating that they are going to move from Luke, Alleghany county Md, as soon as their mill in Greenbrier county, W. Va., is completed. This, he adds, they have determined upon whether prosecution for Potomac pollution is abandoned or not. This, he says, is final. A similar statement has been made by Mr. David L. Luke, Treasurer and Manager of the West Virginia Pulp and Paper Company. The new Greenbrier plant, work on which has commenced, will be at Caldwell, not far from Lewisburg, on the line of the Ches. & Ohio Railroad, and within six miles of the White Sulphur Springs, in West Virginia. It is stated the building will be made largely of steel and will cost over \$1,000,000.—The intention of the Messrs. Luke is to make it the largest pulp plant in the United States. A railroad will be constructed from Lewisburg to Caldwell, which is on the Greenbrier river.—*Baltimore Sun, of the 27th inst.*

Col. R. S. Turk, editor of the *Spec-
tator*, who has been absent from home
since February 14th, spent Sunday in
Staunton, but returned Sunday night
to Baltimore, where he is assisting in
closing the sale of a large amount of
West Virginia lands lying in Pocahon-
tas and Randolph counties. It is un-
derstood that probably 150,000 acres
will pass in the deal, and that the price
paid will possibly reach \$1,000,000. He
stated that this purchase is one of the
most important ever made in the State,
as it is the entering wedge to the pur-
chase of the town site at Caldwell, W.
Va., the building of a large plant for the
manufacture of pulp there and the build-
ing of a railroad from Caldwell north
through the counties of Greenbrier and
Pocahontas. The value of this rail-
road to Pocahontas county will be in-
calculable. The county is now forty
miles from a railway station. The
road if it follows the Greenbrier will
about halve the county, and give it
railway facilities no other county in
West Virginia possesses. The county
is about 60 miles long by about 20 miles
wide and Greenbrier river divides it
into two nearly equal portions, and this
will place every citizen of the county
within at least ten miles of the railroad
and place more actual miles of railway
in that county than any other county
in the State. The windings of the
river will make the actual miles some-
thing like eighty and will put hundreds
of thousands of dollars into it which
could not be sent there by a road built
in any other direction. — *Staunton Spec-
tator*.

On last Friday, Saturday and Sunday the thunder rolled, the lightning flashed and the rain poured down in torrents. Wells, cellars and ponds overflowed, and the plankwalk on Nicholas street was completely submerged for a hundred yards or more. The small streams rushed madly down the mountain sides, in some places carrying fences with them. Greenbrier river was greatly swollen and nearly up to the watermark of last summer. Great anxiety was felt by those living near it at this point until it began to fall Sunday evening.

We have been having some extremely cold weather—the coldest we have had in many years. The snow is 26 inches in depth here, and in the Cranberry and Black mountain country, from 3 to 3½ feet. On last Friday morning, the 10th, the thermometer registered 21 degrees below zero, and to-day, the 12th, is still very cold and the snow drifting so badly as to render some of our roads impassable. Not a few persons have had their feet and ears badly frozen. G. L. Clark's dog, which he highly prized, was found dead in his kennel—frozen stiff. It is thought that small game of the feathered tribe have suffered greatly. The ground hog prophets are all loud in their expressions of "I told you so! I told you so!"

Guy Slaven and Oscar Slaven, of Kansas, arrived at Marlinton on last Saturday, where they were called to attend the funeral obsequies of their mother, Mrs. Mary Slaven, who died very suddenly at the residence of her son-in-law.

both hammers of his shotgun, which was heavily charged with buckshot. Suddenly a great splash in the water announced the fact that a large buck deer was in the river and coming directly toward us. Mr. Rigsby waited until he came within easy range and inadvertently discharged both barrels of his shotgun at the same time, receiving for his indiscretion a rebound from the gun, which knocked him senseless and bleeding to the ground; the deer, pierced by a dozen shot, bounded in the air and dropped dead on the rocks within a few feet of the old man, who was seemingly dead. He, however, soon became conscious, and staggering to his feet and wiping the blood from his cut and bruised face, said: "I'll never load 'er that way again."

The corporation election held here on the 5th day of January resulted in the election of the following officers, viz: Mayor, Dr. C. W. Eskridge; Recorder, J. H. Clark; Councilmen—James K. Bright, E. I. Holt, S. J. Payne, W. M. Burns and G. L. Clark.

S. J. Payne has finished a logging job of 70,000 feet of oak and pine near what is known as the Bass Rocks on Greenbrier river. The Bass Rocks, so named from being a favorite haunt of the black bass fish, are noted for their environment of beautiful scenery. Great cliffs stand sentinel-like, their sides and summits decorated with moss, clinging vines and the rich green of the pines, while below them the music of the rippling water falls upon the ear in enchanting harmony. The fame of the Bass Rocks as a deer stand has reached far and wide in this section of country—more deer having been killed there than at any place on the river. About eight years ago the writer, hearing of a deer chase went to the Bass Rocks and found Thomas Rigsby on the stand.—After waiting, perhaps, an hour the voices of the hounds were heard making music—the sweetest of all to the hun-

On last Saturday, the 3rd inst, a very exciting game of foot ball was played here between the Buckeye and Hillsboro teams. The Buckeye team was more than a match for ours in size and weight, but they soon discovered that it amounted to nothing without science and training, which won the day for our boys by a score of 2 to 0. The playing at times was terrific and Geo. Jackson, of the Buckeye team, was knocked down and bruised so badly about the ribs that he has not been able to do anything since. There was quite a number of spectators present, many of whom were considerably excited.

During the recent snow storm M. F. Gum, of this place, while returning from McClintic's Camp, lost his way in the Black mountains and wandered about for several hours in the bitter, blinding storm. Finally by a stroke of good fortune he found Newton Landes' house, where he remained until the fury of the storm subsided, and then came home with his feet frozen and swollen to twice their natural size, and suffering untold agonies.

On Monday, November 28th, Patrick Henry, who lives near Lobelia, was called from his work by the awful cry of fire! fire!! Hastening home he found his handsome house, where many endearing memories clung, and in which the accumulations of years were stored, enveloped in flames. Mr. Henry, assisted by some of his neighbors, tried to remove some of his household effects from the burning building, but after getting out a few articles had to abandon it.

Our people generally make satisfactory trades among themselves, but when they tackle the gypsies they nearly always come out at the little end of the horn. The many friends of James Burnside will be grieved to hear of his death which occurred last week at his home near here on Greenbrier river. Mr. Burnside had been a great sufferer from rheumatism and other complicated diseases for a number of years. During the last year of his illness he was unable to walk, and often had to be turned in his bed, but he never murmured, and bore his great affliction with wonderful fortitude. He was a good citizen, an upright and honorable man, who, during his long sojourn here, so let his light shine that others seeing his good works could not help but profit thereby.—Space forbids us to give in detail the life of this noble man. He was aged about 76 years, and leaves a wife and six children to mourn their loss. He was a brother of Mrs. Margaret Wei-

From the Kanawha Gazette's Martinton letter, dated April 27th, we clip the following :

The only man to enlist so far from this section is Joe Grant, a lumberman, who has been working in the camps on Williams river.

A good many of his friends are trying to get L. M. McClintic, the prosecuting attorney of this county, to run for Congress on the Democratic side but it can be authoritatively stated that he has no aspirations in that way whatever. He would make a very available candidate, and it is thought that if Pocahontas county is to be recognized by a nomination any time soon, it will be through him, as he is something of a power in politics.

This county will in all probability go solid for Judge A. N. Campbell, of Monroe county, for Congress in the Democratic convention. As judge of this circuit he greatly endeared himself to the people, and in 1896 ran ahead of his ticket, receiving a number of

The relentless monster death has again visited us—taking one here and another there.

On last Friday, the 8th inst., Jacob Simmons died at his home near Williams' river, aged about 65 years. It will be remembered he was subject to kleptomania, and while taking some leather from Ellis McCarty's tannery last fall was apprehended, and from that time he began to decline. The crime together with illhealth and family troubles so preyed upon his mind that he gradually wasted away until death relieved him of his sufferings and his soul winged its flight to the God who gave it, and whose word teaches there is none perfect; no, not one.

On last Monday, the 11th inst., John
Jordan Beard died at his home in Hun-
tersville of la grippe. Mr. Beard was
well known throughout the county.—
He served a long time as Clerk of the
County Court, and held other positions
of trust. He was an honest, upright
man, an exemplary christian and stood
high in the estimation of all who knew
him. Space forbids us to give in detail
the eventful life of this noble man.

On last Monday evening, the 11th,
about three o'clock, that dread disease

the war-rever is running high there, and everybody eager for the fray.

A party of railroad engineers will start from Marlinton this week and follow the river to Ronceverte, with a view to determining whether the river route will be a practicable one for the Greenbrier Valley Railroad.

On last Wednesday, the 13th, Mr. Andrew Oliver, of Green Bank, and Miss Maude Eskridge, of this place, were united in marriage at the residence of the bride's parents, by Rev. J. H. Dills. We extend to the happy young couple our congratulations.

Noah McCoy, Sr, is dangerously ill at his home on Locust creek.

Born to Mr. and Mrs. W. A. Eskridge, a girl.

Mrs. Spitzer died at the home of her son, Samuel Spitzer, near Renick's Valley, last week, thus swelling the number to seven persons who have died within one short week. What a strong reminder of the certainty of death and the transient life of man.

"Oh, why should the spirit of mortal be proud?"

Like a swift fleeting meteor, a fast flying cloud,

A flash of the lightning, a break of the wave,

Man passes from life to his rest in the grave."

John Ronan, a young man who attended the public schools here three or four years ago, now belongs to the U. S. army, and is stationed at Key West. Jas. Jordan, of this place, received a letter from him recently stating that the war fever is running high there, and everybody eager for the fray.

A party of railroad engineers will start from Marlinton this week and follow the river to Roncoverte, with a view to determining whether the river route will be a practicable one for the Greenbrier Valley Railroad.

On last Monday evening, the 11th, about three o'clock, that dread disease consumption ended the life of Orin Slaven, who lived near Mill Point. It has been but a short time since he worked in the *Times* office at Marlinton, and was looked upon as a promising young man. He leaves many friends to mourn his loss.

On last Wednesday, the 6th, Jacob Kellison, an aged and highly respected citizen, died at his home on Bruffey's creek. His death resulted from general debility and the ills attendant on old age. He was a useful man in the community in which he lived.

On last Thursday, the 7th, Calvin Spence died at the residence of his brother, G. W. Spence, on Greenbrier river, a short distance from here, of epilepsy, aged about 38 years. His remains were interred in the McNeil cemetery on last Friday.

On last Saturday, the 9th, Mrs. Pet Loury, wife of James Loury, died at her home near Huntersville, aged about 55 years. She was an estimable lady, and leaves many friends and relatives to mourn her loss.

The veracity of the parties whose names we have given cannot be questioned and they are greatly perplexed and troubled over what they have seen and heard. While we have no solution of it we cannot attribute it to any supernatural agency as some have, and hope that something will develop to clear it up.

On Friday last the unusual spectacle of another sun was seen late in the evening in the western sky. It was separate and distinct from the sun proper and the two went down together behind the mountain tops. Therefore the same persons assembled in the room Tuesday night. The blinds were tightly drawn and the conversation drifted to the disturbance of the night before. While talking it over Mr. Rodgers remarked that it was about time for the ghost. His lips had hardly closed when the house was jarred so heavily that it trembled all over and strange sounds and dreadful groanings seemed to come from the outside near the windows. Mr. Burr put up one of the window-blinds and looked out, when the dismal noises ceased and he saw what appeared to be a white cloud, shaped like a piano, floating in the air within a few feet of the house. Mr. Burr went outside and called to Mr. Lewis to come and see it, but it faded into nothingness before he reached the door. There was no further disturbance. They couldn't see or hear anything—not even a track could be found—and very strange to say Mr. Lewis's dogs, which are very fierce and noisy, made no outcry whatever. Despite the predictions of weather prophets, March up to the present time has given us a great deal of fine weather. Our farmers have done more ploughing and other farm work during the month than we can ever remember of before.

On last Thursday, the 17th, the dwelling house of Mr. Joseph Riley, who lives near Green Bank, was destroyed by fire. There was nothing saved; everything in the house was burned. Mr. Riley's loss will be a heavy one as he carried no insurance. It is thought the fire was of incendiary origin.

Dr. F. T. McClintic is preparing to put up a fine dwelling house near the site of the old one which burned down a few months ago. W. M. Burns is also getting ready to build a large dwelling house. When these are completed they will greatly improve the appearance of Nicholas street.

 Miss Belle Burnside, a charming

 short distance from here on the Green-

 large fish recently. Miss Belle crosses
 the river twice a day going to and from
 school. While moving slowly across a
 few days ago in her canoe, which she
 handles with great expertness, she dis-
 covered what appeared to be a chunk of
 wood floating a little under the water.
 A closer inspection, however, proved it
 to be a large fish of the bluecat species.
 Raising her canoe pole which had an
 iron spike in the end of it she struck at
 the fish with great force, the spike
 piercing the fish's head and pinning it
 to the bottom of the river. With diffi-
 culty she ran the canoe ashore without
 losing her hold upon the fish, which was
 easily taken from the water as it was
 about expiring from the effects of the
 blow. Miss Belle proudly carried it
 home and found that it measured two
 feet in length, weighed 17 pounds, and
 that its head would fill a small-sized
 frylug-pan. This is not a fabrication.
 We can vouch for the truth of it, and
 if any one has taken a larger fish from
 the Greenbrier during the winter sea-

our streets caused great excitement and brought out nearly the whole male population. But while the crowd was making desperate efforts to get to the fire, which was out in the suburbs, Thomas Mann, colored, who lived near Mr. Byrd's, went into the garret and with an axe knocked the burning shingles off into the snow which covered the roof and put the fire out. The loss of a few shingles was all the damage.—The roof caught from fire escaping from an old flue on the inside of the building.

URIAH HEVENER, one of the most widely known citizens of Pocahontas, was severely injured by a fall of his horse last week, and is still in a precarious condition. He was on his way to mill carrying a bag of grain. Opposite the residence of William L. Brown there is a very steep bank. In riding down this his horse tripped and fell throwing him on ahead and the sack of grain on top of him. It is thought that the horse struck him with an upward motion of his head as he fell. Mr. Hevener set the grain up on the road side and started through the fields to head off the horse which had gone back towards home. He had walked and run a good distance when a neighbor shouted to him that he had caught the horse. Just as he stopped he collapsed, and lay in the field on the cold ground until he could be carried home, and was thoroughly chilled. Mr. Hevener is about seventy years old and the accident was most serious for one of his years.—Pocahontas Times.

The old council who bravely stood at the helm during the rough sailing of '97 came out victorious.

The dances last week at Joseph and Alex. McNeil's were largely attended and hugely enjoyed by the young people of this community. The youth and

beauty of the Levels composing the delightful cotillion, and gracefully and joyously stepping to the charming strains of the piano, violin and banjo carried us back to the seventies, when dancing was the most popular of all the holiday amusements. Dancing, when

kept within proper bounds is a harmless and delightful pastime, and we are glad to see it taking the place of the foolish "Who has the button" and "Sister Phoebe" parties.

The sad news has just reached us of the death of Rey. S. C. Morgan, which occurred at Falling Spring on last Friday, the 7th. Mr. Morgan was a good man, an earnest and sincere Minister of God and highly esteemed by every one who knew him. Peace to his ashes.

The matrimonial market is booming here. On last Wednesday, the 10th, W. C. Morgan and Miss Fannie Hill were united in marriage by Rev. S. C. Morgan, at the residence of the bride's mother, on Hill's Creek ; and on the same day, at the residence of the bride's parents on the Greenbrier river, five miles south of here, Mr. —. Ramsey and Miss Myrtle Perry were made one. On last Thursday, Wm. Hartly, with Miss Maggie Sharp leaning on his arm, rapped on Dr. D. S. Sydenstricker's door and asked to be joined together.— The Doctor tied the knot for them in his impressive way, and they left with smiling faces. To each of the happy couples we extend congratulations.

On last Tuesday, the 9th inst., our
usually quiet little town was wild
with excitement when the ringing of
bells and shouts of "fire! fire!!" was
heard on our streets. After the alarm,
it was soon discovered that Dr. F. T.
McClintic's house was burning, and
there was a general rush to the burn-
ing building only to find that the de-
vouring flames were beyond control.—
The fire started from a defective flue
in the kitchen part of the house and
had gotten a big start before being dis-
covered. There was also a terrific
wind blowing at the time, which caused
the fire to spread rapidly, and to roar
and crackle so as to be heard quite a
distance. All of the household goods
were saved except the kitchen furniture
and some canned fruit, wine and other
supplies that were in the cellar under-
neath the kitchen. Owing to the wind
it was thought that some stables
and the Presbyterian church nearby
would surely be burned, but were saved

The silks and sleepers under the ground floor of the Presbyterian Church have rotted away, causing the floors and gallery supports to sluk down.—New sleepers and heavy locust silks are now being put in, and all of the wood-work which has given away staunchly re-placed.

Wm. Miller, who lives a short distance from here, informs us that one of his hay-stacks was carried off by the wind on last Saturday, the 11th. He was at work in a field near home when a whirl wind started near him with such terrific force that when it reached a hay-stack in its path it lifted the stack from the ground and carried it a considerable distance, scattering the hay all over the ground. The hay was stacked around a pole, which was also wrenched from the ground and carried with the hay. This approaches nearer to a cyclone than any winds we have ever had here.

A CORRESPONDENT writes us from Morgantown as follows:

The W. Va. University has now an attendance of about 400 students.—There will be at least 500 altogether.

The new president, Dr. Jerome H. Raymond, is a man of great power and ability. He is already immensely popular.

New courses leading to the degree of Bachelor of Philosophy and Bachelor of Letters have been added, and the regular Classical, Scientific, Engineering, Law, Commercial and Agriculture courses have all been strengthened since last year. One more year of Latin and two more of Greek have been added to the A. B. course, making it one of the highest in the country.

The Greenbrier boys are doing nicely.

Building and Loan Companies.

A case is now pending in our Court of Appeals which is of vital interest to Building and Loan Companies doing business in this State. It went up from Parkersburg where a sale of property was ordered by the Building and Loan Co. for the payment of dues and interest. The plea of usury was put in and the Court of Appeals will, it is said, be called upon to determine whether the Company's contracts made with its stockholders or with those who borrow from it are indeed usurious.

By some building and loan men this is regarded as a test case involving the existence of all the building and loan associations in the State, for none of them can live on simply six per cent. By others it is considered merely a question as to whether the association in this case—a foreign one—has complied with the laws of the State, an opinion of Judge Greer's, delivered some years ago, holding that building and loan

On the lands formerly owned by
Elisha Morrison, not far from the wa-
ters of Hill's creek, in a secluded spot,
where lofty hills east their black shad-
ows over huge trees, uprooted by
storms, and lying in disordered heaps,
is a lonely grave. No tombstone re-
cords the the name of the poor unfortu-
nate who has been laid to rest in that
out-of-the-way place. No one living in
that section of country knows anything
about the grave or whose remains it
contains. Everything connected with
it is wrapped in mystery, and perhaps
will be until the silent sleepers of every
land and nation shall be called on the
resurrection day.

Among the improvements contem-
plated in this community during the
summer is a dwelling house by J. D.
Payne, one by Oliver Andridge, one
by Geo. Lewis and a plank walk, a quar-
ter of a mile in length on Main street,
by the town.

W. D. Clark, of this place, had three
of his fingers nearly cut off by a door
being accidentally shut against them.

Miss Susie Simmons, a dress-maker

On last Sunday and Monday we had

weather is so cold that grave fears are
entertained that the fruit and wheat
will be greatly damaged.

Three to be Hung.

In the Criminal Court of Fayette county, on the 22nd, Clark Lewis and Albert Voiers, charged with the murder of Chas. Gibson, were found guilty and sentenced to be hung on the 25th of June. The Court had already fixed that day for the hanging of Jerry Brown, who assaulted Mrs. Radford at Deepwater last July. Wilbur Slaughter, implicated in the murder of Gibson, was sentenced to the penitentiary for life. The wife of Gibson confessed to murder in the second degree and her sentence will be fixed later. Quite a number of others belonging to the cut-throat Montgomery gang are under indictment for the murder of Gibson and John Cochran, and it seems probable now that the number of the gang to be hung June 25th will be largely increased. If the Criminal Court keeps up this tick very long the Republican majority in Fayette will soon disappear.

J. W. Beard, while having some corn husked recently, noticed a small bird sitting on a corn shuck near by. Mr. Beard does not think that it ate the mice but simply carried them a short distance and dropped them. He says he could not make out to what species it belongs. In size it was a little larger than the common bluebird and shaped very much like it. It was swift of wing, and would sight a mouse at a distance of a hundred yards or more.

A yearling deer nearly exhausted from long running ran by M. A. Dunlap one day last week as he was coming down Stamping creek. He gave chase on his horse and pressed it so closely that it sought refuge in a pool of water. He plunged in after it and when close to it took the bridle of his horse and securely lassoed it. He brought it home and gave it to R. K. Burns, who didn't have the pleasure of keeping it but a short time until it died from the effects of the chase.

Last week Bob Fitzsimmons pounded Jim Corbett into submission in the prize ring at Carson City, Nev., another revolting exhibition of brutality and immorality that has shocked every body in the whole country except the pugnacious violators of the law and good morals who engage in it and sanction it. That prize fighting is a growing evil in this country no one can deny, and that its influence is most immoral and debasing no one can deny. It behooves the authorities in every part of the country to be wide awake to this evil and stamp it out at its inception. It is demoralizing and offensive to the spirit of religion and civilization. It should be abolished, and we can help do it by joining in the public opinion that condemns the degrading and brutal practice. If it isn't checked it will add another link to the

the tenderest sympathies of the heart. All day long the house of mourning was crowded with people looking for the last time upon the dear little fellow and trying to console the bereaved ones. His remains were interred in the Oak Grove cemetery on Sunday, the 21st with impressive ceremonies. The bereaved family have the heartfelt sympathy of the entire community. Let them rejoice in the consolation that he is "Safe in the arms of Jesus."

The dread monster death still continues to visit us, taking one here there. Mr. Harvey Curry, an aged and highly respected citizens of Green Bank, died suddenly at his home there on Wednesday, the 24th ult. We have not been able to learn the particulars of his death. His son, Geo. R. Curry, living close here, did not hear of his death in time to attend the funeral obsequies.

Mr. Richard Mathers died at his home near Mill Point, from grip, on Tuesday, the 26th. He was an old man, presumably about 75 years of age, and, though somewhat eccentric, was a good man, possessing many admirable traits of character. He was unmarried and has no relatives living here or elsewhere.

On last Saturday morning the thermometer registered 12° below zero—the coldest we have had.

For three days last week the Greenbrier river near the mouth of Stamping Creek presented a scene of wonderful activity. There were 40 men engaged in cutting ice and 30 teams hauling it away to the ice-houses. The noise made by the men, horses, wagons, saws, axes and hoes was immense. Great merriment prevailed among the ice-cutters, not one seeming to mind the freezing ice or the cold biting wind, and when an unfortunate one slipped and fell on the ice or into the vat, from which it had been cut, the whoops and yells that were indulged in at his discomfort could be heard for miles up and down the river. The thermometer registered 40° below zero on last Monday morning, and those who have ice-houses are filling them with ice about four inches thick.

The grip is prevailing to an alarming extent throughout this section of country. Every member of some households is stricken with it, one not able to wait upon the other. It clings to its victims with wonderful tenacity, and on the cupboard shelf vials of medicines, cups of boneset and lifeeverlasting, teas and mustard plasters remind one that it requires heroic treatment to loosen its hold. To the dwellings of the well to do and the cabin upon the mountain side our physicians are going day and night administering relief to the afflicted ones. We are glad to state that we have no very serious cases at present.

God forbid. Go to the McNeil cemetery and note its condition, look at the rotten, tumble down fence, through which horses and cattle pass in and out at will; look at the once nicely-rounded mound, upon which loving hands had planted beautiful flowers, disordered and trampled flat; look at the broken tombstones and the brush, briars and weeds growing in wild profusion—who of us can look emotionless, indifferent and without indignation upon such a scene? Isn't it a burning shame—a blight and a mildew upon the good name of our community. Let us remove it. Let us build the fence and fix up the graves of our loved ones who have passed away. We leave the matter with the good, the intelligent, the Christian people of this community.

We have considerable sickness in this neighborhood. Mrs. Maggie Kelly is lying dangerously ill. Messrs. H. W. Burgess, J. B. Kennison and Marshall Peyatt are slowly recovering. Capt. W. L. McNeil still suffers a great deal from indigestion and heart trouble, but notwithstanding the Captain's indisposition his mind is remarkably clear, and his buoyancy of spirits and fondness for a good joke are just as characteristic of him as ever.

 woman, circumspect in all the walks of
 life and highly esteemed by all who
 knew her. Three children—Mrs. Liz-
 zle Isbell, of this place, and Wm. and
 Lee Peyatt, of Kansas—survive her.—
 Her remains, followed by a large con-
 course of sorrowing friends and rela-
 tives, were interred with impressive
 ceremonies in the Oak Grove cemetery
 near here on last Saturday, the 9th inst.
 Peace to her ashes.

Coal has been discovered on the land
 of Margaret Renlek, colored, who lives
 about 2 miles from here on the Green-
 brier river. The outcroppings indicate
 good coal and a vein of considerable
 thickness. If the coal is good and
 plentiful, it will pay the parties who
 own it to develop it, as the people of
 our town and surrounding country who
 get their coal from points so remote,
 and of such poor quality, would con-
 sume large quantities of it. The spot
 where the coal is found is more invit-
 ing to the lover of nature's freaks than
 to the miner, but it can be easily gotten

It is with pain that we announce the death of Mrs. Virginia Peyatt, who died at her residence here on last Friday morning, the 8th inst., in the 76th year of her age. Although she had been in feeble health for a long time her death, preceded as it was by only three days sickness, was a shock to the community. She was greatly attached to her husband, Mr. Marshall Peyatt, whose snowy locks and tottering frame remind us that he must soon join her in the great beyond. Her married life covers a period of 57 years, and during that time she and her husband have lived most happily. In fact a more affectionate couple never lived. She had been a member of the M. E. Church, South, for many years, and was a good woman, circumpect in all the walks of life and highly esteemed by all who knew her. Three children—Mrs. Elizabeth Isbell, of this place, and Wm. and

Pocahontas County Items.

We take the following items from the *Pocahontas Times* of last week :

When the *Courier-Journal* offered its prizes for the best guess at the vote of the last campaign, Mr. Henry Barlow, of Edray, made a calculation on which to base his figures for the entire vote of the United States, for which \$10,000 was offered to the nearest guesser. He set the amount down in a day-book and finds now that if he had sent it in, accompanied with the almighty dollars, he would undoubtedly have won the grand prize, having only missed the result 2 votes. Miss Lucy Kincaid is governess in Mr. Gay's family. Mr. Joseph Barlow, sr., fell on the ice and was badly hurt last week. Little Phil., son of Mr. Charles Yeager, died on 23rd ult., aged 2 years and 8 month.
